Celebrating Societal Excellence: Recognition for Outstanding Contributions to Solid Waste Management in Mira Bhayander Municipal Corporation during Vasundhara Mahotsav

Mira Bhayander Municipal Corporation (MBMC) celebrated the conclusion of the Vasundhara festival, organized as part of the Majhi Vasundhara 4.0 campaign, with an eventful ceremony. The distinguished Commissioner and Administrator, Mr. Sanjay Shripatrao Katkar (IAS), presided over the occasion, honoring selected societies that have made remarkable contributions to waste management in the city.

The event was attended by several dignitaries, including Additional Commissioner Aniket Manorkar, Deputy Commissioners Ravi Pawar and Kalpita Pimple, City Engineer Deepak Khambit, and former corporators, adding to the significance of the occasion. Notably, the Marigold Cooperative Society, Shalibhadra Cooperative Society, Sky Line Cooperative Society, Prathamesh Heritage, and Olympia Society were specially invited to the Vasundhara Mahotsav 2024 under the Majhi Vasundhara Abhiyan. These societies were acknowledged for achieving 100% waste classification, a commendable feat that earned the Chairman, Secretary, and members of the society special recognition from Commissioner Sanjay Shripatrao Katkar.

Particular praise was extended to the Marigold Cooperative Society, which not only achieved 100% waste sorting but also processed wet and dry waste from their homes, societies, or localities in their dedicated composting plant. This exemplary practice serves as an inspiration for other societies in the city to initiate similar projects aimed at processing waste within their own communities.

Commissioner Katkar urged other societies to follow suit, encouraging them to process their wet and dry waste locally and submit their projects to the Solid Waste Management Department of MBMC. Societies engaged in 100% waste sorting were promised recognition and cleanliness ratings through the Solid Waste Management Department.

In his address, Commissioner Sanjay Shripatrao Katkar (IAS) appealed to all residents and societies in Mira Bhayander Municipal Corporation to actively contribute to the waste management efforts by achieving 100% waste classification. This initiative aligns with the ongoing commitment of MBMC to create a cleaner and more sustainable environment for the city.
